

WHAT IS AN ADVISORY OPINION AND WHO CAN OBTAIN ONE?

An advisory opinion is available upon written request and is *only* to individuals that are actually subject to the Ethics Code. An advisory opinion is a written determination by the Ethics Commission whether or not specific actual or contemplated conduct violates the provisions of the Ethics Code. A letter to the Ethics Commission at the address above is all that is required to obtain an opinion. If the advisory opinion involves any conduct that may involve the Town Manager, the letter requesting the advisory opinion may be directed to Ethics counsel for the St. Michaels Ethics Commission- MacLeod Law Group 410-810-1381

WHAT IS AN ADVISORY OPINION BASED ON?

An advisory opinion is solely based on the facts provided by the person submitting the request or reasonably known to the Commission. The Commission does not make any findings of fact regarding the intent of any person. The Commission does not institute any investigation in to the facts set forth in the letter other than that which is presented by the person requesting the opinion.

WHAT IS THE EFFECT OF THE ADVISORY OPINION?

Until it is amended or revoked, an advisory opinion is binding on the Town, the Town Commissioners and the Ethics Commission in any subsequent actions concerning the person who sought the opinion and who acted on it in good faith, unless material facts were omitted or erroneously presented in the request for the

opinion. The advisory opinion is not binding in any court action initiated by any private citizen, or upon the State in any criminal prosecution.

IS AN ADVISORY OPINION CONFIDENTIAL?

Partially. Copies of the advisory opinion will submitted to the Commissioners of St. Michaels and be made available to the public within five (5) working days after the opinion has been rendered. However, the name of the person requesting the opinion and the names of all persons or business entities mentioned in the opinion are redacted and deemed confidential information and will not be disclosed by the members of the Commission unless each person or business entity waives such confidentiality. However, depending on the facts of the situation, and given the small size of our community, it may be relatively simple for someone to determine the parties discussed in an advisory opinion, even with redactions made.
