PUBLIC NOTICE

The Town of St. Michaels has hired Bayland Consultants to study the San Domingo Creek watershed including lands that drain into the creek, accompanying the area between Brooks Lane and Railroad Ave. As a part of that work, they will be doing a field survey of drainage conditions in the area outlined in the map below in the near future. The result of their work will be to recommend improvement to the overall drainage system of the area. Their recommended improvements will be presented at a public open house to be held at the following time and location. Please join us to review and comment on the project.

DRAINAGE STUDY PUBLIC OPEN HOUSE St. Michaels Library, 106 Fremont St. Wednesday October 18, 2023, 5PM
